Home

Welcome to my portfolio! I am a Digital Marketing Specialist and Front-End Developer dedicated to delivering impactful solutions. With over six years of experience, I have a proven track record in digital marketing, graphic design, and web development. Explore my projects and achievements to learn more about my journey.

About Me

I am passionate about creating digital strategies that drive growth and engagement. My journey in digital marketing has been marked by successful campaigns, including achieving 8,000+ followers in just two months. I am currently focused on front-end development, combining creativity and technical expertise to deliver exceptional results.

Skills

- Digital Marketing: Social media strategy, SEO, email marketing, and campaign management.
- Content Creation: Graphic design, video production, and storytelling.
- Web Development: Proficiency in HTML, CSS, and JavaScript.
- Communication: Strong interpersonal and project management skills.
